

## DCB-0204 — ATFCM Scenarios

*Pre-defined scenarios (incl. Modus Operandi) are established at strategical and/or pre-tactical levels taking into account partners' requirements (ATC, airports, military) for usage of the network in relation to ATC sector configuration, route and airspace availability, social events, etc.*

**Rationale** Scenarios are the means by which the best possible airspace organisation combined with the best ATFCM measures can be implemented to meet airspace demand and to take into account traffic flows, airport and ATC capabilities.

**Forecast V3 end date** -

**Benefits start date (IOC)** 31-12-2008

**Full benefits date (FOC)** 31-12-2012

**Current Maturity Level** -

**Solution Data Quality Index** -

**Current Maturity Phase** R&D Finalised

**Scope** Network

**Release** -

**PCP Status** -
