

Solution #20 — Collaborative NOP for Step 1

A Collaborative NOP Information structure (information model, classification by types of actions, influencers, performance objectives, relationships between actions, objectives, issues, etc.) will be available. The Collaborative NOP will be updated through data exchanges between Network Manager and stakeholders systems to the required level of service. This will enable the Network Manager and stakeholders to prepare and share operational decisions (e.g. TTA, STAM) and their justifications in real-time.
